### MRT awarded RM397 mil Sungai Buloh-Kajang contract

Posted: 3:40 pm, March 14, 2013 by editor

**KUALA LUMPUR, Mar 14:** Mass Rapid Transit Corporation Sdn Bhd was awarded eight more contracts for the Klang Valley MRT Sungai Buloh-Kajang alignment project with a total value of RM397 million.

The award is a clear indication that progress on the construction of the MRT Line is moving into a new gear, with the last contract to be awarded in 2014, its Chief Executive Officer Dato Azhar Abdul Hamid said.

"There are 21 work packages left to be awarded for the construction of the Sungai Buloh-Kajang MRT Line," he said in a statement.

"We will always ensure that the tendering process is conducted meticulously so that the best can be derived to build this massive project," Azhar said.

MRT Corp, which aims to be a leader in the industry, is always looking at improving construction processes and requirements, he said.

"We would like this project to become an industry benchmark, where its timely delivery is a key point, as it is for the public's benefit," he said.

MRT Corp said two contracts were awarded yesterday including for the design, supply, installation, testing and commissioning of noise barriers and enclosures worth RM202 million to Muhibbah-SV-Samjung JV.

A RM50.7 million contract was awarded to SMPP-Ibwanji JV for the construction and completion of the multi-storey car park building, external works and other associated works at Kajang Station.

Meanwhile, on March 6, a RM22 million contract was awarded to Fastcoll Corporation Sdn Bhd for the supply, procurement, installation, testing and commissioning of the environmental control system for elevated packages V5 to V8 and the Kajang Depot.

Kejuruteraan Astra Sdn Bhd was awarded a RM44.2 million job for the supply, procurement, installation, testing and commissioning of the environmental control system for elevated packages V1 to V4 and the Sungai Buloh Depot.

A RM6.7 million contract was also awarded to **Info-Matic Power Sdn Bhd** for the supply, delivery and supervision of installation, testing and commissioning of uninterruptible power supply for all elevated stations.

A RM42.5 million contract for the supply, installation, testing and commissioning of the lift system for all elevated packages, Sungai Buloh Depot and multi-storey car parks was awarded to Otis Elevator Company (M) Sdn Bhd.

The statement noted that Zulfan (M) Sdn Bhd was awarded a RM18.8 million contract for the supply, procurement, installation, testing and commissioning of the fire detection and protection system for elevated packages V5 to V6.

The last contract, worth RM10.1 million, was awarded to PTIS Engineering Sdn Bhd for the supply, delivery and supervision of the installation, testing and commissioning of the step-down distribution transformer for all elevated packages, Sungai Buloh Depot and Kajang Depot.

Info-Matic Power (IMP) Sdn Bhd receiving a visit from Raja Muda of Perlis Tuanku Syed Faizuddin Putra Jamalullail (second from right), at its booth during InnoTrans 2024. IMP managing director, Nik Zokipli Nik Husin (second from left) explained on their product offerings and solutions.

## On track for success as Malaysian companies rail-ly shine at InnoTrans

THE Malaysia External Trade Development Corporation (Matrade)'s long-standing efforts to strengthen the global presence of the local rail industry have yielded strong results through its first-ever participation in the InnoTrans trade fair in Berlin, Germany, from Sept 24 to 27. Bringing together top industry players, innovators, and stakeholders, InnoTrans serves as a premier platform to explore the latest trends and developments in rail transport, providing Malaysian rail companies with a valuable opportunity to showcase their advancements in technology, sustainability, and industry collaboration. The Malaysia Pavilion at the trade fair featured eight Malaysian companies and one rail association, generating total sales of RM278mil through 112 business meetings facilitated by Matrade. These Malaysian exhibitors showcased their capabilities in rolling-stock engineering and design services, infrastructure and construction services, precision manufacturing, maintenance, repair and overhaul (MRO) services, as well as consultancy services.

Siemens Mobility Asia Pacific region chief executive officer Michel Okada (third from right), and Dajaja Major Infrastructure (Pusat Sdn Bhd) group executive director Datuk San Subramaniam Pita (second from left) signed a Memorandum of Understanding (MOU). The agreement was witnessed by Raja Muda of Perlis Tuanku Syed Faizuddin Putra Jamalullail (center), and InnoTrans Malaysia's railway system and enhance country's rail services. This collaboration marks a transformative initiative designed to advance the Malaysian rail industry through the application of the latest digitalization technology.
